SAYS ROOSEVELT FOUGHT TREATIES

TAFT AT LOSS TO SEE REASON FOR COLONEL'S OPPOSING TO PEACE MEASURES.

President in Ohio Speech Again Attacks Predecessor—Points Out His Failure to Prosecute Steel or Harvester Trusts—Sounds Warning Note to Colored Citizens.

Columbus, Ohio, May 8—President Taft concluded a three days' visit to his native state here to night with a speech at Memorial hall in which he vigorously denounced Col. Roosevelt. President Taft repeatedly was interrupted with cheers. He scored Col. Roosevelt as an advocate of class hatred and a man who is appealing to the element of discontent.

"It is dangerous to put such a man in the office of president," he said. "Mr. Roosevelt is not a safe man for this country to trust. His ideas as to the recall of court decisions are a menace," he declared with emphasis. Answering the colonel's charge that he was using public office patronage to obtain his re-nomination he said 70 per cent of the present public office holders were Mr. Roosevelt's appointees and a majority of them are now fighting for the colonel's re-election.

Immediately after the conclusion of his speech President Taft left for Washington.

Mr. Taft said:
add SPEECH

Columbus, O., May 8.—President Taft charged here tonight in a speech in Memorial hall that Colonel Theodoe Roosevelt, his campaign manager, Senator Dixon, of Montana, and Democrats in the senate, were responsible for the "emasculation" of the arbitration treaties with Great Britain and France and that in consequence of their action the pacts were so changed as to be of doubtful utility. These treaties, the president declared would have made "wide steps toward universal peace; would have signalized a movement for a universal arbitral court and were as progressive measures as ever were suggested to the American people."

"For some reason unknown to my puzzle-witted brain," said the president, "Mr. Roosevelt opposed these treaties, and by those men who supported that opposition, his manager, Mr. Dixon, and the Democratic votes in the senate those treaties were so emasculated that it is difficult to see whether they contain anything of value which ought to be ratified into a treaty. My idea of progress and of the highest progress possible was in those arbitration treaties because I saw in them a step toward a universal arbitral court to which any nation in the world might resort in order to solve a controversy that it might have with any other nation and until we get such a court, war will not disappear and this was a decided step toward that end, as progressive a measure has ever been suggested to the American people."

Mr. Taft's Memorial hall address was the last scheduled for his present tour through his home state. He continued his attack tonight on Col. Roosevelt taking up more than a dozen subjects that Mr. Roosevelt has referred to in his speeches against the president. Mr. Taft openly accused Mr. Roosevelt of misrepresentation and misstatement, said that in many actions for which his predecessor now criticised him, he had been influenced by Mr. Roosevelt's advice and asked the people of Ohio to give him a square deal.

Roosevelt and Bosses.

The president dwelt at length on the Roosevelt charges that he was the friend of the boss and the tool of the trusts and special interests. He pointed out the failure of the Roosevelt administration to prosecute the steel trust and contrasted that with the attitude of his own administration which has filed suits against both. Although he carefully explained that he did not wish to charge Mr. Roosevelt with anything improper the president reviewed in some detail the circumstances under which the Roosevelt administration decided not to institute proceedings against these trusts or against any of the "Morgan interests." The president said that George W. Perkins, "a director of the Harvester trust and of the steel trust" was instrumental in preventing the prosecutions in the Roosevelt days and then went on to say: "Mr. Perkins is one of the chief contributors to Mr. Roosevelt's present financial fund. Now I want to ask you what do you think Mr. Roosevelt would say of me if I had not prosecuted the steel trust and the Harvester trust and it appeared subsequently that Mr. Perkins was a large contributor to a special fund expended for my use? Well what does he do on the face of thatt? He charges me with being in control of the special interests, with these facts staring him in the face. I don't infer from these facts anything improper. On the contrary I don't believe there is anything improper, but I do say to him who is so prolific in his suggestion of suspicion and so easy in his charges of improper motives that for him now, with the evidence before the public to charge me with being an agent of the special interests takes that audacious courage I still believe him to have."

Discussed Supreme Court Decrees.

Replying to the statement that the decree of the supreme court in the Standard Oil and American Tobacco company cases, were really of benefit to those trusts and that the Taft administration's prosecution of them had been ineffectual because oil has gone up and the stock of both companies has gone up, President Taft told why he believed these resulted from natural economic causes.

Answering the Roosevelt charge of a Taft alliance with bosses, the president criticised his predecessor for attempting to inject into a national campaign questions which properly concern the states and with which a president has no direct concern.

"Mr. Roosevelt said I was not only in favor of an aristocracy or an oligarchy, but he said that I was in favor of an oligarchy of bosses, that I approved that kind of government and that made the issue, the people against the bosses and that all the bosses were for me, and they were all opposed to him, and that is what he says to day," asserted Mr. Taft. "That is the issue. If he is elected there won't be a boss in the country, and if he is not, they will just ownw me at Washington and run the government. Well, I am not in favor of machine politics. They are abuses of our government. We have to have organizations. We cannot very well get along without those, but I am about as much opposed to bosses, in the sense that Mr. Roosevelt wishes yout to understand that term, as he is.

Warning for Colored Citizens.

In discussing the recall Mr. Taft appealed to the negro voters to think over what might become of them if the recall of decisions became permissible.

"Every constitutional guaranty that protects you and me and my colored friends, every constitutional guaranty that you rely on in the 13th and 14th and 15th amendments," he said, "would be subject to an election to decide whether the court was right in a particular law and in a particular case. What does that amount to, gentlemen? It amounts to writing the restrictions of your constitution in water."

TAFT SAYS HE IS HIT BELOW BELT

President Characterizes Roosevelt Onslaught as Unfair—Will Be Strenuous Fight in Ohio.

Columbus, Ohio, May 8.—Plans for President Taft's swing through Ohio next week made public in part here to day indicate that Mr. Taft intends to make a strenuous fight to control the state's 48 delegates.

Entering Ohio next Monday morning at Marietta, the president will speak in practically every city and town of over 5,000 inhabitants, that he has not visited on the tour ended here to night.

He will be in the state nine days and on seven of these he will be in full action.

Estimates to night were that he would speak at least 75 times.

Although the list of cities and town he will visit was not made public to night, night addresses are scheduled for Steubenville, Monday; Youngstown, Tuesday; Sandusky, Thursday; Cleveland, Friday; Toledo, Saturday; Springfield and Dayton, Monday.

Altogether Mr. Taft made 17 speeches to day.

He swung clear across the state. His fellow Ohioans turned out in good numbers. Interruptions and comments from the crowds were comparatively few.

At Ironton the president declared he was a lawyer and a judge, not a publicity agent.

"I have been obliged to allow my case to be misconstrued without knowing how to meet those misconstructions by advertisements to the contrary," he said. "I'm up against the wall and I'm being hit," he shouted in a speech at Portsmouth. "I'm being hit below the belt, and I'm here to fight," he continued and the crowd yelled.

"When I am charged with being under he influence of the interests, I have the right to fight back and defend my good name and the name of the administration," he said.

FOUGHT TEN ROUNDS.

Johnny Coulon of Chicago Easily Defeated Solsberg at Brooklyn.

New York, May 8—Johnny Coulon of Chicago, the bantam weight champion, easily defeated Young Solsberg of Brooklyn in a ten round bout at the Royal Athletic club, Brooklyn, to night. The bout went the full ten rounds and Coulon had the better of nine of them, Solsberg getting the initial round by a fair margin.

Solsberg started off with a rusa and landed left and right to Coulon's head, but the blows were not effective. Coulon contented himself with feeling out his man, and Solsberg won the first round on points.

From the opening of the second round until the end of the tenth Coulon was at all times master. He began the second by making Solsberg miss frequently, then with a right over to the jaw he dropped the Brooklyn lad. In the following round Coulon landed stiff lefts to the face and upper cuts with his right hard to the jaw. His best work was when he would feint for the body and then bring his right or left to the head. Coulon kept forcing matters and punished his man heavily on the body, making him miss wild swings.

Solsberg tried to mix it, but was beaten back in the final stssion. Coulon had the local boy at his mercy until the gong ended the bout.

HEARING CONCLUDED.

Chicago, May 8.—The inter-state commerce commission hearing in Chicago for the purpose of determining the uniform rate charged railroads by grain elevators was concluded late to day by Examiner Pugh. Mr. Pugh, tomorrow, will be heard in Kansas City.

CHARGES HEARD IN ARCHBALD CASE

WITNESS SAYS JURIST WAS HIS SILENT PARTNER IN VARIOUS TRANSACTIONS.

Maintains That Archbald Secured Option From Erie Railroad While Road Had Lighterage Case in Court—Letter Read Into Testimony.

Washington, May 8.—Charges against Judge Robert Archbald of the commerce court were unfolded to day before the house committee on judiciary which is to determine if impeachment proceedings shall be brought against the jurist.

How Judge Archbald in partnership with Edward J. Williams, a Scranton coal dealer, while deliberating as a judge on the lighterage case to which the Erie Railroad was a party, is alleged to have negotiated an option from that railroad for 42,000 tons of culm was told by Williams.

Judge Archbald, accompanied by his two sons and his counsel, A. S. Worthington, heard the testimony.

Williams told of another deal in which he said Judge Archbald acquired an interest with him in an option on a million acres of Venezuelan timber land for which the judge gave a note for $500. Williams tried to discount this note with C. J. and W. P. Boland of the American Coal company of Scranton, who at that time had a case pending before Judge Archbald in the federal court. The Bolands refused to discount the note and later lost their case. Williams admitted telling W. P. Boland that if he had discounted Judge Archbald's note the case might have resulted differently.

The testimony relating to the culm bank transaction included reference to an assignment by Williams of an interest in the options to W. P. Boland and a "silent party" whom he admitted was Judge Archbald.

Another transaction which the committee will inquire into when the hearing is resumed Friday involved an alleged transaction for other culm bank property in which Judge Archbald and the Lehigh Valley railroad were said to be interested. This deal, it is said, was interrupted by charges filed with the department of justice against Judge Archbald in connection with the other cases.

Williams' most important testimony began by his telling of getting the option on the Katy Did culm bank near Moosic, Pa., on the Erie railroad.

"Judge Archbald told," Williams said, "that he would see Mr. Brownell, attorney for the Erie railroad, about it. When Judge Archbald came back from Washington last September he said he had met Capt. W. A. May of the Erie, and Captain had told him to tell me to come up and he would let me have the culm I went to see Captain May and he gave me the option."

"Was anything said to you by Judge Archbald at that time about the lighterage case?"

"Yes. He said he had lighterage cases before him in which the Erie railroad was interested."

"Did he show you the briefs?"

"Yes, I saw them."

Williams was emphatic in all of his answers regarding the culm bank transaction.

"After the execution of the option did you make assignment to W. P. Boland and a 'silent party' of two-thirds of the property?" Mr. Clayton asked.

"Yes, I did," said Williams. "This assignment was made before I got the culm."

"Who was the silent party?" asked Chairman Clayton.

"Judge Archbald."

"What was his interest?"

"A half interest, $8,000," said Williams.

"Was a sale negotiated?"

"Yes, Judge Archbald negotiated a sale with Mr. Conn, vice president of the Laurel line, the Lackawanna and Wyoming railroad."

"Did Judge Archbald give you a letter to Mr. Conn?" asked Mr. Clayton.

"Yes."

The chairman then read a copy of a letter Judge Archbald wrote to Mr. Conn on stationary of the United States commerce court, introducing Mr. Williams.

"Why was the deal not consummated?" asked the chairman.

"Why, because Captain May halted it. He made the title doubtful."

Representative Sterling of Illinois questioned the witness about the negotiations for the clum option with Captain May of the Erie following Williams' first visit to May.

"I told the judge," said Williams, "after I'd seen May that I did not think that I could get that part of the clum and Judge Archbald said 'I'll see about it, I'll see Mr. Brownell, counsel for the Erie'."

"Did the judge tell you he was going to New York to see Mr. Brownell?"

"No, but some time afterward the judge told me he had seen Brownell and that the deed for the clum would be given."

"Why did you offer Judge Archbald a half interest in the culm property?" asked Mr. Norris.

"He was going to help me get the property," said Williams.

"In the assignment contract why did you refer to Judge Archbald as a 'silent partner'?"

"Well, I thought perhaps it was not lawful for a judge to be in such a deal."

"Did the judge know you'd given that kind of a contract?" Mr. Norris continued.

"Yes, I told him about it."

"Then he knew his name was not being used?"

"Yes."

The committee will resume the examination of Williams Friday.

SEVEN REPORTED AS DROWNED

Boat Capsized in Fox Lake During Heavy Storm—Occupants on Way to Attend Pary.

Fox Lake, Ill., May 8.—Seven persons, six of whom were Chicagoans, are believed to have been drowned in a heavy storm on the lake her to night.

Members of the missing party are:
Mr. and Mrs. Louis Hansen.
John Hoefer.
Lewis Tuschke.
George Russel.
Mr. and Mrs. J. Hume.

They had sailed from one hotel intending to cross the lake to another hotel to attend a party. Shortly after they started persons on shore heard screams and calls for help. Searching parties put out in motor boats, but after four hours had found no trace of the missing boat or its occupants.

FLOODS IN SOUTH.

Conditions Reported Better in Lower Mississippi Valley.

New Orleans, May 8.—Generally the flood situation in the lower Mississippi Valleye was much improved to day. Another day of sunshine favored the workers on the levees and to night reports are favorable as far as more breaks are concerned.

There are now 4,000 refugees at Baton Rouge. About 500 were taken there to day from New Roads. From this city, carload after carload of supplies is shipped to refuge camps in Central and Northern Louisiana.

United States and state engineers declared there is not the slightest danger of a break here. They consider the stretch of 8,000 at Amesville, across the river from New Orleans the only bad line of levees in the immediate vicinity.

KILLED BY A TRAIN.

Dead Body of Man Who Claimed to Be Son of Kimball Found.

Elgin, Ill., May 8.—Mutilated beyon recognition, the body of William Kimball, 28 years old, of Pinge Grove, who claimed to be the disinherited son of a wealthy piano manufacturer, was found on the Chicago, Milwaukee & St. Paul railroad tracks one mile east of Hampshire, Ill., to day.

Since locating at Pinge Grove, nine months ago, Kimball has been a "man of mystery." He was an accomplished musician and seemed well educated.

No Knowledge of Kimball.

Chicago, May 8.—Any knowledge of William Kimball, who was killed near Hampshire, Ill., was denied at the offices of the Kimball Piano company here to day.

SHRINERS MEET NEXT AT DALLAS.

Los Angeles, Calif., May 8.—The thirty-eighth annual conclave of the imperial council of the Mystic Shrine came to a close to day with the selection of Dallas, Texas, as the 1913 mecca, the election of Ernest A. Cutts of Savannah, Ga., as imperial outer guard and the advance of the other imperial officials which placed William J. Cunningham of Baltimore, Md., at the head of the shriners as imperial potentate.

Among the new imperial officers is Henry F. Niedringhaus, Jr., of St. Louis, imperial high priest and prophet.

MOVEMENT FOR NATIONWIDE STRIKE

NEWSPAPER PRESSMEN WOULD EXTEND TROUBLES.

Statement That $150,000 Had Been Raised to Start Campaign and Publisher sWould Exterminate Union Labor Branded as False—Chicago Conditions Better.

Chicago, May 8—Apparently beaten in their efforts to tie-up Chicago newspapers, officers of the Web Pressmen's union, according to a statement issued by the publishers tonight, have started a movement for a nation-wide strike of newspaper pressmen. This and charges by the publishers that the pressmen were using misleading statements in efforts to gain sympathy, were the principal developments today in the situation. Although policemen remained on guard at newspaper offices and many news stands and accompanied distributing wagons about the city, today was the quietest since the trouble between the publishers and pressmen began. The publishers said they expected normal conditions to prevail before the end f the week. The statement issued by the publishers follows:

"The newspaper strike in Chicago shows evidence of approaching dissolution. Two body blows were given to the effort to tie up the entire industry when the mailers' union by a vote of nearly 100 to 6 refused to go on a sympathetic strike and when the electrotypers' union, despite appeals from members of the stereotypers' union, declined even to vote on the propositiono.

"James J. Freel, president of the International Stereotypers' and Electrotypers' union, continued his efforts to force the members to resume work and to call off their strike, called in defiance to his specific orders.

"The officers of the Pressmen's union have started a movement to involve the entire country in the affray. Realizing that they have lost in Chicago they have been sending word all over the United States ordering the pressmen to get ready for sympathetic strikes. They have also made appeals for financial assistance."

"The orders for general strike contained many misleading statements. They alleged that the American Newspaper Publishers' association at its recent meeting in New York had started a war of extermination of union labor in the newspaper offices of America. It was also set forth that a fund of $150,000 had been raised for this purpose and the Chicago trouble was the first blow in the campaign.

"No such fund was raised and no such war on unionism was contemplated. Mr. Elbert H. Baker of the Cleveland Plain-Dealer, president of the American Newspaper Publishers' association, tonight took cognizance of the situation and sent the following letter to Mr. Berry:

"'George L. Berry, President International Pressmen's Union, Chicago:

"'My Dear Mr. Berry: My attention has been called to the fact that during the last few days you have sent communications to various parts of the country in which you ordered the members of the local unions to prepare for sympathetic strikes on the ground that the American Newspaper Publishers' association planned a fight against organized labor at its meeting in New York. You also have been quoted as having said since your arrival in Chicago that the American Newspaper Publishers' association at that meeting appropriated $150,000 to conduct the fight on organized labor, and that the American Newspaper Publishers' association is inciting against organized labor in the newspaper business.

"'Neither a fight or lockout has ever been considered by the American Newspaper Publishers' association. The majority of its members conduct closed shops and are on friendly terms with their employes. A large percentage of our members have local agreements with the several unions of the printing trades and now hold arbitration contracts for their various mechanical departments. They not only live up to these contracts to the letter, but desire that the unions shall do likewise. In this they have been ably seconded by Mr. James M. Lynch, president of the International Typographical union; Mr. James J. Freel, president of the International Stereotypers and Electrotypers union, and Mr. Mathew W. Wodl, president of the International Photo-Engravers' union.

"Yours truly,
"'Elbert H. Baker.
"President American Newspaper Publishers' Association."

PIONEER DEAD.

Chicago, May 8.—Major William Hall, of Chenoweth, Ill., Civil war veteran, and one of the oldest members of the organization of Redmen, died at his residence in the suburb of River Forest to day. He was 86 years old.

TANNEHILL'S WRIST BROKEN.

Washington, May 8.—A pitched ball by Walter Johnson put Lee Tannehill, utility infielder of the Chicago Americans, out of the game indefinitely to day. Tannehill's wrist was broken. He took first base after being hit. When he tried to field his position at short stop in the next inning his first attempt to throw to first showed the extent of his injuries. An X-ray examination showed a clean break.

SEEK FACTS ABOUT OLD EVIDENCES

SENSATIONAL STATEMENT MADE AT HEARING IN STEEL TRUST CASE.

Witness Reluctantly Testifies to Instructions Given Him by Superior—Government Tries to Establish Date When "Jackson Wire Pool" Papers Were Destroyed.

New York, May 8.—The destruction of evidence used before the grand jury in the famous "Jackson wire pool" cases by officials of the American Steel and Wire company, one of the big subsidiaries of the United States steel corporation was the principal subject today in the hearings of the government's dissolution suit against the corporation. It is the government's purpose according to Judge Dickinson's special counsel in the case, to determine whether the papers were destroyed before or after the filing of the pending suit on October 26 lastt. The testimony today was given by Harry A. Whitney, until recently a salesagent at the Worcester, Mass., works of the American Steel and Wire company, who asserted that he personally burned the evidence—a trunk full of minutes and other records of one of the pools in which the wire conspiracy is alleged to have participated. Whitney said that he had received the instructions to destroy the evidence from Frank Baackes, vice-president of the company. Whitney created a sensation when he told of an alleged conversation that occurred between himself, Baackes and George W. Cragin, Whitley's immediate superior in the company, just before being called to testify in the grand jury investigation last January into the destruction of the papers. Whitney was reluctant apparently, to repeat the alleged conversation but was finally pinned down to saying that Cragin had said that he (Cragin) had testified that he had given the order himself and that Cragin "wanted me to avoid saying Baackes gave me the instructions, if I could."

Baackes has been subpoenaed.

MADDEN DENIES STORY.

Says Mann's Charges That He Entered Into Plea With Speaker Clark and Others Is False.

Washington, May 8.—Standing in front of the speaker's desk in the house to day Representative Madden of Illinois, Republican, denounced a published criticism of him by his colleague, Minority Leader Mann, as a "slanderous statement, every word of which uttered by him was false, so far as it concerns the charge that I had entered in to any plea."

The publication was an interview in a Chicago newspaper, in which Mr. Mann was quoted as saying that Mr. Madden had entered into "an infernal plea," with Speaker Clark and Representative Moon, in charge of the postoffice appropriation bill, to shut him out from offering a substitute for that measure, when it was on its passage.

IOWA DEMOCRATS.

Clark Managers Claim They Will Control State Convention.

Burlington, Iowa, May 8.—The outlook for the Iowa state Democratic convention will convene in this city May 16, is that it will be the largest gathering the state organization has held in its history. Fifteen hundred delegates and prominent party leaders are expected to be in attendance, including Champ Clark, Jr., the 18-year-old son of the national speaker; Senator Reed of Missouri. Mayor Harrison of Chicago and possibly ex-Governor David Francis of Missouri and hundreds of party men will also be spectators.

The managers of the Champ Clark campaign claim the convention by an overwhelming majority and propose to make Wednesday, the day before the convention Clark day. Ten bands will be present on that day, and practically every Clark delegate will have arrived in Burlington. Street parades, band concerts and a big Clark rally at the coliseum Wednesday evening will mark the day.

GETTYSBURG REUNION.

Confederate Veterans to Join With Grand Army in Celebration in 1913—Ill Feeling to Be Wiped Out Forever.

Macon, Ga., May 8.—The United Confederate Veterans, in annual reunion here to day, accepted an invitation to join with the Grand Army of the Republic of the semi-centennial in 1913 celebration of the Battle of Gettysburg. The invitation came in a letter from General Trimble, commander-in-chief of the G. A. R.

The big features of the reunion will take place tomorrow, when a commander-in-chief will be elected and the veterans will march in their annual parade. It is generally conceded that General Bennett H. Young of Louisville, Ky., will be elected to fill the place of the late General George W. Gordon.

The discussion on the Gettysburg North and South re-union was brief. What objections were made, were on technical grounds. Many declared that the breach between the North and South was forever healed, and that the Gettysburg re-union would forever wipe out what fragment of ill-feeling there might possibly be left. The resolution was adopted amid cheers.

ILLINOIS ASSEMBLY SPENT BUSY DAY

AMENDMENT FAVORED TO PERMIT SUBMISSION OF THREE QUESTIONS AT ONCE.

May be Pushed to a Vote Today—Separate Session Records Are Kept—Woodmen Rate War Proves Stubborn Battle.

Springfield, Ill., May 8.—Senate joint resolution No. 2, providing for a constitutional amendment which will permit the submission of three questions at a time, instead of one, was favorably acted upon today by the house judiciary committee, and will be reported back tomorrow with the recommendation that it do pass.

Friends of the resolution are debating tonight whether to push it to a vote in the house tomorrow or postpone final action until a later date on the presumption that it may have a better chance to pass before some campaign work has been done. In view of the campaign that has been made to get as many house members as possible here tomorrow to vote on the appropriation bills, it is doubtful if a larger attendance will be recorded on any later day in the special session. On the motion to report the constitutional amendment out favorably, the committee divided 18 ayes to 7 nays.

Disregarding the opinion of Attorney General Stead that the two special sessions which are now running, should be held concurrently and not separately the house and senate proceeded today to hold separate gatherings of the second and third special sessions. Having started to keep the records of the two sessions separate, the presiding officers of the two houses see no way to consolidate them now in order to conform to the opinion.

The house house committee on judiciary reported an entirely new bill, as a substitute for the three measures before it, giving to park commissioners the right to condemn riparian rights land for park purposes. The new bill reported back without recommendation was placed upon the house calendar on the order of first reading on motion of Representative Holaday, chairman of the judiciary committee. It embodies the strongest features of three different bills, which were tabled, carefully whipped into comprehensive form.

In an amendment form the house committee on municipal courts reported Representative ApMadoc's bill eliminating the party circle in municipal court elections and providing for the rotation of the names of all candidates upon the ballot.

The senate committee on insurance spent the entire afternoon and evening listening to arguments for and against the Donohue bill, passed by the house on April 25. At that time a large delegation of the rank and file of Modern Woodmen urged the passage of the bill. Today a delegation of upwards of 200 Woodmen opposed the measure before the senate committee.

The Woodmen rate war, injected into the legislature through the Donohue bill, is proving one of the stubbornest battles the legislators have had to contend with lately.

LORIMER REPORT ALMOST READY.

Washington, May 8.—The report of the senate Lorimer investigation committee will be presented to the senate before the end of the week, according to a statement made in the senate to day by Senator Dillingham, chairman of the committee. The promise was given in response to an inquiry and a motion by Senator Bristow, directing a report by next Monday. Mr. Bristow said he thought it time the case was before the senate.

Mr. Dillingham resented the motion, asserting that the committee had been most diligent in its efforts. The motion was withdrawn.

FREIGHT HANDLERS STRIKE.

Chicago, May 8.—No efforts were made by either the railroads or the freight handlers to day to end the strike which has hampered traffic at all freight houses since Monday morning.

The railroad managers said that conditions were steadily improving as more men are brought into the city. The officers of the freight handlers' union said that more new men had quit that had been placed to work by the roads. The freight handlers continued their peaceful attitude and no trouble developed at any point.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, May 8.—For Illinois: Fair, slightly warmer Thursday; Friday fair, light to moderate west to northwest winds becoming variable.

FALLS UNDER CUTTER

Carl Rucker of Tallula Is Seriously Injured While at Work in Field—Was Brought to Passavant Hospital.

Carl Rucker, a farm hand in the employ of Samuel Savage, near Tallula, was seriously injured Tuesday afternoon by being run over by a stalk cutter. He fell from the cutter in such a manner that his right leg was broken and his left leg had a deep cut some ten inches in length. The team was a gentle one and when the young man shouted "whoa," they immediatey stopped. Mr. Savage was in the field at the time and ran to his assistance.

Dr. Valentine was summoned and he deemed it best to bring the patient to Passavant hospital, where an X-Ray was taken by Dr. Carl E. Black and further medical attention given. He is in quite a serious condition, and internal injuries are feared.

Mr. Rucker is 20 years old and has always resided in Coleburg, Ky. He has proved a splendid workman and the accident is much deplored.

MURDER TRIAL.

Accused Woman Listens to Evidence of Relatives of Slain Man.

St. Louis, May 8.—Mrs. Alma Palmer James, in court today, listened while her sister-in-law, Mrs. Floyd Alcorn, told of her actions before she killed her husband, Leo James, as he lay sleeping in bed. Mrs. Alcorn testified that Mrs. James told her she had quarreled with her husband because she believed he was responsible for a physical condition that caused her alarm.

Mrs. Fronie James, mother of the slain man, testified that her daughter-in-law told her that James had obtained certificates from two doctors showing that he was in perfect health, but that these did not satisfy her.

The state rested after introducing in evidence the revolver with which Mrs. James is said to have shot her husband.

Three Men Killed and Twenty Seriously Injured.

Cleveland, O., May 9.—Three men were killed and some twenty seriously injured shortly after midnight by an explosion at the Central furnace of the American Steel and Wire company. It is thought that some of the injured will die. The explosion is thought to have followed contact with a workman's torch with an accumulation of gas.

PRESENT PLANS FOR CHAUTAUQUA

Messrs. Shaw and Ewert Speak to Business Men at Luncheon Wednesday—Proposition Clearly Outlined.

At a noon day luncheon for the business men of the city, Wednesday, James Shaw, of Bloomington, who recently made a proposition to the Jacksonville Business Men's association for the management of a chautauqua to be held here this summer in connection with an educational program very clearly set forth the plans for the chautauqua. Rev. Arthur F. Ewert of Carrollton, who is to assist Mr. Shaw in the local field and who is well known here, was also heard in interesting remarks concerning the proposition.

According to present plans, a ten day chautauqua and educational festival will be held, beginning August 23 at Nichols park. Briefly summarized the proposition made and accepted by the business men is as follows: The plan is to sell about 1,200 season tickets at $2 each and if this is done, Mr. Shaw will assume entire financial responsibility for the event. A large part of the sum raised from the sale of tickets will be spent in securing attractions and the rest for advertising and other expenses relative to arrangement of grounds, etc. The plan to be followed in accomplishing the immediate sale of the necessary number of tickets will be to find business men who will take a share of stock each in the enterprise. This means simply that the subscriber will purchase ten season tickets at $2 each, the supposition being that he will keep what he needs for his family and dispose of the rest. The regular price will be $2.50 after the guaranteed number have been sold. Mr. Shaw states frankly that he follows this plan rather than to have a guarantee fund because a more universal interest is stimulated and the desired attendance is assured. As soon as the guarantee list is made up, the business men will appoint committees to act with Messrs. Shaw and Ewert in selecting the attractions and making other necessary arrangements.

The chautauqua is to be a community proposition, soliciting the interest of all. In view of the large number of people it will bring to the city, it will be of commercial value and the excellent attractions will contribute to a program of real educational worth. There will be three sessions during the day and the attractions during the morning and afternoon will have something of special interest to women and children. Some splendid lecturers, entertainers and musicians will appear, while local talent from the educational [illegible] will be brought into use.

Arrangements will be made with some firm to provide for the renting of tents to persons, who may wish to establish headquarters on the ground. This will be encouraged as much as possible.

Mr. Shaw has an agreement with the Business Men's association that should Jacksonville decide to hold another chautauqua next year and the year following the management is to be in his hands. He has been in the business for ten years and in other cities where he is conducting chautauquas they have been eminently successful. He started the ones at Bloomington, Lincoln and Canton and in other cities that now have developed into permanent affairs with established grounds and equipment. The conducting of a chautauqua in this city alone would not be a money making proposition for Mr. Shaw, but with the practical assurance that it will be continued another year and by reason of the seven or eight others, which are being conducted in different parts of the state, it is considered a safe business venture.

The attendance at the meeting Wednesday was not large, but when the subscription sheet was passed most of those present agreed to take ten tickets. Messrs. Shaw and Ewert to day with local men will make a canvas.

UNION MEN MAKE STATEMENT.

Reference was made in the Journal yesterday to the differences between the Master Builders' association and the union carpenters. The carpenters went out in February because the Master Builders refused to grant the requests made, requests which seemed to the union to be entirely just. All but two of the Master Builders, Joseph DeGoveia and William McCullough, are now employing union labor and a committee representing the union stated yesterday that the union had offered to let the old scale of prices apply to the Elliott, Strawn and Insane Hospital jobs because the contracts for these had been taken by Mr. Goveia and Mr. McCullough in 1911. This offer, however, was not accepted.

Annual Sandal Sale commences this morning; one price to all. You never bought cheaper than you can at this sale. W. T. Reaugh.

MATRIMONIAL RECORD

Hallerberg-Luken.

The marriage of Miss Laura Luken and Rev. Herman Hallerberg of Arlington, Neb., took place at 3 o'clock Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. William Luken, near Orleans, in the presence of immediate relatives. The ceremony was impressively performed by Rev. William Hallerberg, pastor of St. Mark's Lutheran church, St. Louis, a brother of the groom, and the young people were attended by Miss Carrie Luken, sister of the bride, and Mr. Frederick Moeller of Breckinridge. Miss Laura Brune of this city played Mendelssohn's wedding march, preceding it with several other beautiful and appropriate musical numbers.

The bride was becomingly attired in white lawn trimmed in white lace and carried a beautiful boquet of white sweet peas. The bride's maid was dressed in pink batiste.

The wedding was very informal, the bride and groom receiving the guests, and at the conclusion of the marriage function an elegant wedding supper was served.

The bride is the elder daughter of Mr. and Mrs. William Luken, who are among the best known and most highly respected citizens of Morgan county. She is a most accomplished young lady, being a graduate in music of the Illinois College Conservatory and a musician of rare ability. She has taken an active interest in the religious and social life of her community, being a faithful member of the Salem Lutheran church of this city and of the Woman's Country club of Orleans. By reason of her many beautiful womanly qualities, she has won the warmest regard of a host of friends and all will unite in extending heartiest congratulations.

Rev. Mr. Hallerberg, the groom, is pastor of the St. Paul's Lutheran church at Arlington, Neb., and is recognized as one of the foremost ministers of the church in his state. He formerly was pastor of the Salem Evangelical church in this city, where he has many friends.

On Friday evening at the Luken home a reception will be given in honor of Rev. Mr. and Mrs. Hallerberg for their friends of the community. They will leave Monday for Arlington, Neb., where they will reside.

Hartman-Perry.

Mr. Ray A. Hartman and Miss Blanche M. Perry, were married at 5 o'clock Wednesday afternoon at the Centenary M. E. church parsonage, Rev. F. A. McCarty officiating. The attendants were Mr. Fred Hopper and Miss Helen L. Ingalls. The young people left over the Wabash at 6:15 for Springfield, where they will make a brief visit. Upon their return they will reside at 327 South Church street.

The bride is the only daughter of Mr. and Mrs. S. L. Perry, of 448 South Main street, and has always made this city her home. She attended the public schools and is a graduate of the high school with the class of 1911. She is possessed of a sweet disposition and her many charming traits of character have justly won her a host of friends, all of whom will be glad to know that Jacksonville will still be her residence. The groom is the son of Mrs. Alice Hartman, of 540 Greenwood avenue. He is also a graduate of the high school, with the class of 1909. He is a young man of sterling qualities and commands the highest respect of all who know him. For some time he has been employed in the Frank Byrns' hat store, where his services are greatly appreciated. Many good wishes will follow these estimable young people to their new home and for a happy married life.

Edwards-Hough.

E. E. Edwards and Miss Mary Hough, both of Nortonville were married Wednesday by Judge Brockhouse.

A. T. Rumler, 261 Fulton Place, Canton, says heavy work weakened his kidneys and caused him trouble and suffering. "Finally I took Foley Kidney Pills and now I feel like a new man. My bladder action is normal and regular, I have no more dizzy spells and I feel as much like work as I did 20 years ago. This is all due to Foley Kidney Pills which I gladly recommend." City Drug store, J. A. Obermeyer.

PLAN AUTO ROAD THROUGH CITY

Scheme Is Proposed for Automobile Highway From Indianapolis to Kansas City—Would Be Benefit to City.

Promoters of a scheme to construct an automobile highway from Indianapolis to Kansas City have placed Jacksonville on the prospective route. Ollie Parker, manager of the La Crosse Lumber company, has received from F. W. Buffum, a director of the company, living in Louisiana, Mo., a letter setting forth the plan, and he has presented the matter to the Business Men's association, who no doubt will exert all its energies toward helping in what ways it can toward bringing the affair to pass.

The construction of the road, with Jacksonville one of the principal cities to be touched, would be a great benefit to the city and would mean visits from thousands of automobile owners during the year. In the letter giving the outline of the plan, Mr. Parker was asked to furnish views of Jacksonville. The complete plan will be given soon in the American Motorist, the official paper for auto owners and drivers. The proposed line will extend from Indianapolis to Danville, thence to Decatur, Springfield, Jacksonville, Pittsfield, Louisiana, Mo., Mexico, Mo., Moberly, Marshall, Higginsville, and thence into Kansas City.

Last fall a number of men were through here contemplating the construction of a road from St. Louis to Denver. The route proposed by them from Kansas City to St. Louis was through Keokuk, Ft. Madison, Beardstown and Jacksonville. They were in conversation with F. E. Farrell who believes this route to be one of the best.

Mr. Farrell on his trip last summer had opportunity to make a study of the automobile highways. He says that through Iowa there are five distinct routes, the best one being the Waubaunsie, an old Indian trail. The roads are kept in first class condition by the people along the route, prizes being offered by the auto clubs for the best five miles of road. Those who have property along the route take pride in keeping the way in first class condition. The roads are also distinctly marked poles being erected at every few miles, says Mr. Farrell, so that the tourist has no difficulty in keeping on the right way. The markings of Wabaunsie road are three inch strips of white, six inches of black and three inches of white. Mr. Farrell is very much interested in the proposition of an automobile road through this city, as are other auto owners as well as those who do not own machines, but can see that it would be a good thing for the city.

WAS HEARD IN SONG RECITAL

Charles W. Clark, the Celebrated Baritone, Delights Large Audience at Congregational Church.

Jacksonville music lovers had a rare privilege Wednesday evening when Charles W. Clark, the well known baritone, was heard in a recital at the Congregational church. There was a good audience present, who were in full sympathy with the singer and gave him a splendid hearing.

Mr. Clark's reputation as a singer is not confined alone to America, but he is equally known in Europe, where for the past fifteen years he has devoted the greater part of his time to concert work, residing in Paris. He sings as "one having authority" and possesses a voice of beautiful quality and unusual range. He has a command of the various phases of vocal art and whether in the serious work or in the lighter vein, he displays that same charm of voice that stamps him as a true artist. Mr. Clark has wonderful interpreting powers and has learned perfectly the great lesson of combining temperment, intelligence and art, and when he sings appears to have a story perfectly mastered in song that he must deliver, and when through leaves nothing more to be desired of his hearers. He showed adept in the formation of his program, a strong characteristic of a good singer. He responded very graciously to encores, giving the following:

"When Dull Care" ..... Laveridge
"L'Heure Exquise" ..... Hahn
"Drink to be Only" .... Old English
"Die Ablosung" ..... Hollaender

Mr. Gordon Campbell was accompanist of the evening and was heard twice on the program in solo work. He is a musician of no mean ability and his playing is characterized by beautiful shading and splendid technique. His Chopin numbers were given in a most masterly way and his efforts were loudly applauded. As an accompanist he ranks as among the best and his contribution to the evening's musical success was by no means small.

The following was the program:

I

Recitative et air d'Oedipe a Colone..... Sacchini (1734-1786)
Cavatine de Cephale et Procris .. .. Gretry (1741-1813)

YOUNG WOMAN TRIES TO KILL SELF

Miss Hatch of Greenview Now at Local Hospital — Ill Health Brought on Mental Depression.

Greenview, May 8.—Miss Millie Hatch, daughter of G. W. Hatch of this town, attempted to end her life yesterday with a rifle. When alone in her room the young woman succeeded in holding the weapon in such a way that when she pulled the trigger the bullet went dangerously near her heart. She was taken to Passavant hospital in Jacksonville tonight and is in a serious condition. Continued ill-health is said to have resulted in a depression which led to the attempt at self-destruction. Miss Hatch is 19 years of age and has been prominent in the social and church life of her home town. Her father is a member of the Hatch-Wilcoxsin firm operating a number of Illinois coal mines.

SUNDAY IS MOTHERS' DAY.

Next Sunday, May 12, will be observed nationally as Mothers' Day and special services will be held in churches throughout the land. While Evangelist Sunday was holding his revival in this city a mothers' day was observed and no day since in reverence for parenthood has so successfully been celebrated. Seeral of the churches in the city have planned special services. The beautiful custom on this day is to wear a white flower for a mother's memory or a bright flower for a mothe living.

THE BIRTH RECORD.

Born, to Mr. and Mrs. John Pate of Routt street, at Passavant hospital, a son.

REMEMBERED I. W. C. IN WILL.

President J. R. Harker received word Wednesday that Rev. A. P. Stover, who died recently at his home in Delavan, has left $2,000 to the Illinois Woman's college. Rev. Mr. Stover was formerly pastor of Brooklyn church in this city and was one of the most recovered ministers of the Illinois conference. His bequest to the Woman's college is a manifestation of his lover for his church and of his interest in Christion education.

Dr. J. R. Harker will leave at noon to day for Minneapolis, Minn., to attend the general conference of the Methodist church, now in session there.

ME DEATH BY WABASH TRAIN

JAMES CAYWOOD SUSTAINS FATAL INJURIES AT ORLEANS CROSSING.

Well Known Farmer, While Returning Home With Four Horses Hitched to Gang Plow, Fails to Hear Train—Coroner's Jury Recommends Dangerous Crossing Be Remedied.

James Caywood of Alexander, a farmer in the employ of Joel Strawn, was killed Wednesday morning at 7:15 o'clock at the Orleans crossing by Wabash passenger train No. 3, westbound. He was thrown 20 feet, landing against the edge of the Orleans station platform, sustaining a broken back and internal injuries. He was brought to Passavant hospital on the same train which hit him, but death ensued while he was being carried on the stretcher from the ambulance to the hospital entrance.

Coroner Skinner held an inquest Wednesday evening at 6:30 o'clock at Williamson & Cody's undertaking establishment, where the remains were taken, with the folowing jury: Bernard Gause, foreman; P. J. Meany, Edward Hopper, Frank Martin, W. J. O'Neill and B. C. Skinner, clerk. They gave in the following verdict: "That the deceased came to his death at the Orleans crossing by being struck by passenger train No. 3, throwing his body a distance of about 20 feet or more against the curbing around the station, with such force as to crush his back and cause other injuries, and death resulted in 45 minutes thereafter."

"From all evidence submitted the jury considers this crossing a very dangerous and unsafe one on account of the approach of trains being obscured by surrounding buildings, and steps should at once be taken to give warning of approaching trains."

At the time of the accident Mr. Caywood had been to Orleans to get a gang plow that had been sharpened and to which he had hitched four horses. William Bocking, who testified before the jury, stated that he saw Mr. Caywood approaching the crossing, riding a gang plow and that he was in the center of the track before he looked up, then he slapped his team gently and sat still on the seat. He was apparently paying no attention to the train, the witness said, and he was looking downward. I reached his side immediately and thought him dead, but upon lifting him he gave a sigh. The proper signals were given by the engineer and think he was slackening speed as train ran past about a train's length before coming to a stop.

L. H. Bennett, store keeper and depot agent at Orleans, also helped to lift Mr. Caywood up and assisted in trying to restore consciousness. He also stated "that unless one was looking the crossing was a dangerous one."

William Walbaum, who resides on rural route No. 3, Jacksonville, was sitting in Bennett's store at the time of the accident. He said "that he saw deceased crossing track, with his head down, as if watching some part of the plow upon which he was riding and when almost across the track he looked up and slapped his team and just at that moment the engine hit the plow and threw Mr. Caywood about 20 feet against the edge of the platform. The usual signals were given by the engineer and speed of train was slackened, and ran about a train's length before coming to a stop. Considerable noise was being made by the plow crossing the rails."

Charles Senters, who manages the Orleans elevator, testified before the jury. He said that the crossing was a dangerous one and that "the train usually runs at a high rate of speed, stopping at Orleans only on flag. I heard the whistle of the engine and the bell ringing and I believe the engineer was slacking speed.

Engineer Testifies.

The testimony of the engineer was as follows:

My name is Solomon G. Brecount and I reside at 260 Bradford street, Decatur, Ill. Occupation, railroad engineer, at present pulling Wabash trains No. 2 and No. 3, between Decatur and Quincy. This morning I was pulling westbound passenger train No. 3, engine No. 412. When about within 3,200 feet of the crossing at Orleans I saw horses start across track. I immediately shut off steam, applied brakes in emergency. We were running at between 30 and 35 miles an hour. Was 28 minutes late at Orleans. It is hard to see one from the cab at this crossing owing to the elevator. I have been running an engine for over 20 years, 13 years on this division. Bell was ringing when approaching station and usual whistle given.

The testimony of William H. Dikis, the fireman, who has been working on this division of the Wabash railroad for seven years, was sustantially the same as that of Engineer Brecount.

Life of Deceased.

Mr. Caywood was the son of Mrs. John C. Caywood of Concord, in which place he was born 55 years ago. He was one of a family of eleven children. He had always been a hard working, industrious man and possessed considerable ability as a mechanist. For some time he had been working on a side draft for a gang plow, which he thought could be patented. He had practically spent his entire life in Morgan and Cass counties. Early in life he joined the Cumberland Presbyterian church. In March, 1882, he was married to Miss Carrie Denny and she survives him, together with one daughter, Miss Ionia. He also leaves his mother, Mrs. James Caywood and the following brothers and sisters, Mrs. Mary Reid, Mrs. Elizabeth Cooper, Stephen and Robert Caywood of Virginia; Mrs. Bertha Enslow, Rev. C. T. Caywood and Miss Cora Caywood of Jacksonville.

The funeral services will probably be held Friday in charge of Rev. George Hart of Franklin. The place and hour to be announced later. Interment will be in the Liter cemetery.

DEATHS AND FUNERALS

Reynolds.

The funeral services of J. R. Reynolds were conducted Wednesday morning at 10 o'clock from the family residence, 3½ miles southeast of New Berlin, in charge of Rev. Mr. Carson, pastor of the Baptist church of New Berlin. Music was furnished by young people of that community. The remains were then taken overland to Franklin, where burial was made in the Franklin cemetery. At the grave brief funeral services were held in charge of Rev. J. E. Tenny, pastor of the Christian church of Franklin, assisted by Rev. J. E. Watkins of the Methodist church and Rev. George Hart of the Baptist church. Music was furnished by the combined choirs of the Christian church and the M. E. church. The flowers were very beautiful, including a broken wheel, the gift of the children. These were cared for by Misses Isoler and Virgil Brewer and Inez Dawson.

The remains were laid to rest beside those of his first wife and daughter. The bearers were Messrs. George R., Lee D., John R., Charles M., Lloyd W. Reynolds, sons of the deceased and John R. Jones, a son-in-law.

Mallory.

Impressive funeral services for Mrs. Frank Mallory were held at 2:30 o'clock Wednesday afternoon at Mt. Emory Baptist church, in charge of Rev. Mr. Russell. The singing was by a quartet composed of Mr. and Mrs. Claud Burkhardt, Charles Burkhardt and Miss Muse and the many beautiful flowers were kindly cared for by Mrs. Briscoe, Mrs. Katie Dunn, Mrs. Sherman Spencer and Mrs. Allen.

Interment was in Jacksonville cemetery and the bearers were Walter Blue, Burl Hitt, Ollie Mack, John McCree, John King and Charles Jackson.

ROOSEVELT TO INVADE OHIO.

Oyster May, May 8.—After hearing reports of President Taft's campaing in Ohio today, Col. Roosevelt decided to lengthen his speaking tour of that state. He wil start westward next Monday instead of Tuesday and probably will remain in Ohio until the eve of the primaries.

Col. Roosevelt read a dispatch from Portsmouth, Ohio, to the effect that President Taft in his speech to day said "I am being hit below the belt."

"When you hear me squeal because I'm hit, then you'll notice it," was the colonel's comment.

CHURCH BURNED.

Cedar Rapids, Iowa, May 8.—Fire this afternoon destroyed the Presbyterian church at Vinton, 27 miles north of this city entailing a loss of $50,000. The fire started in the attic of the church, presumably from the torches of workmen who were repairing the roof.

LARGE CLASS TO GRADUATE

Twenty-Three Young People Will Receive Diplomas From Whitehall School—Commencement Is May 16.

White Hall, Ill., May 8.—Twenty-three young people, one of the largest classes in the history of the White Hall high school, will receive dipolmas at the graduation exercises which are to be held at 8 o'clock, Thursday evening, May 16. Rev. R. S. Barnahan of Springfield has been secured to deliver the commencement address and other speakers on the program will be Miss Jessie Ross, valedictorian, and Miss Mildred Winn, salutatorian. The addresses will be interspersed with special musical numbers.

The baccalaureate sermon to the graduates will be preached next Sunday by Rev. W. R. Johnson, pastor of the White Hall Christian church. Tuesday will be observed as class day and in the evening the Senior class will appear in the play, "A Toastmaster." The alumni meeting and banquet will be held Friday and the events of commencement week will conclude with a baseball game on Saturday between the Jerseyville and White Hall High school teams.

The graduates are as follows: Jessie Ross, Mildred Winn, Charles S. Wenken, Arnold E. Ross, Roy G. Trumello, Arnold V. Morrow, Stanley E. Shenkel, Alvin Ray Coffield, Archibald Riggs, George B. Bowman, Carl M. Davidson, Henry B. Roodhouse, Roy D. Short, Herman E. Teter, Russel Norris, Lena S. Bridgewater, Mabel S. Chison, Susa Alda Peters, Sarah E. Day, Cora May Walker, Bertha G. CONTESTS DECIDED AMONG DELEGATES

Republican National Committee Will Meet June 6—Southern Representation Evil to Be Remedied.

New York, May 8.—The Republican national committee will meet in Chicago Thursday afternoon, June 6, to decide contests among delegates to the national convention. The call for the meeting was issued to day by Secretary William W. Hayward. This will be the earliest meeting held for many years by the committee and will give it twelve days to consider contests before the convention opens. A few contests already have been brought officials before the committee's officers and many more are expected before May 29, the time limit for filing contests.

Mr. Hayward also announced that he would place before the committee a plan that will affect the representation of the south in the Republican national convention.

"The contests will be taken up as before, in alphabetical order by states," said Mr. Hayward.

"We have received some notices of contests, but nowhere near as many as reported by the newspapers. Also we have not received anywhere near all the credentials from the various delegates in districts and states where there is no contest."

Mr. Hayward added that the committee would move the office of the secretary in the Coliseum at Chicago in a few days. Mr. Hayward left New York this afternoon for Chicago. The national committee he said would probably be in session every day after June 6 until the convention.

"The question of southern representation has been agitated in every convention that I can remember," he said. "The southern districts have representation in congress according to population including the negroes. Then the negroes are disfranchised. The natural result is that in many of the southern districts there are very few Republican votes and yet they have the delegates. Now I am working on a plan that I am going to submit to the committee which will change the basis of representation and will still retain the congressional district as a unit."

He added that he preferred not to make public the plan until it was brought before the committee.

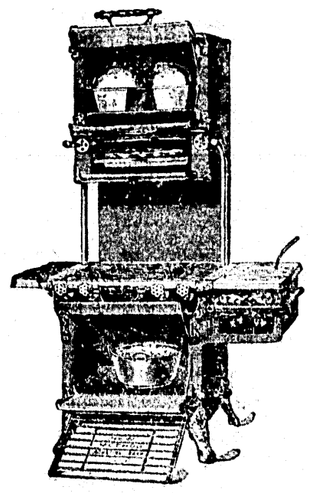
Even The Doors Are Different On A New Method Gas Range

It is not enough that these Gas Ranges consume 25 per cent. less gas, bake more evenly and quicker than any other gas range, are more easily cleaned, and non-explosive, but even the doors show an improvement over the old style.



The Doors split in the center, Yes, actually split in the center. When the door is open the upper section moves up; preventing the heat from rushing up into your face, the lower half moves down---forming a strong ledge---yet not projecting out too far and being in the way.

Every woman who has experienced the rush of heat into her face as she opened up the old style door will appreciate this improvement.

These Split Oven Doors are so evenly balanced that they stay anywhere you place them. There are no catching devices, locks, springs, etc., to get out of order as in the ordinary style door.

But the split oven door is only one of the 18 different ways in which the New Method differs from all other Gas Ranges.

We couldn't begin to tell of all the special features of the New Method Ranges in one advertisement, we couldn't in a dozen.

Come in and let us personally show you these special features, let us demonstrate each one in detail, let us show you how this feature saves gas, how this one insures perfect baking, how this one prevents explosions, how this one adds to your convenience, etc.

James McGinnis and P. H. Lonergan will leave Monday evening for Peoria to attend the state convention of the Knights of Columbus, which will be held in that city Tuesday and Wednesday of next week. They go as delegates from Jacksonville Council No. 868.

Delegates will be present from every council in the state and it is expected that there will be five hundred present. On Monday evening a special train with delegates from Chicago will arrive in Peoria and they will be given an entertainment that evening. According to the program the delegates will attend pontifical high mass at St. Mary's Cathedral Tuesday morning at 10 o'clock, at which State Chaplain Bishop P. H. Muldoon will officiate and Rev. Fr. M. P. Sammon of Peoria will deliver a sermon of welcome to the visitors.

The business sessions of the convention will be held in the new home recently erected by Spalding Council of Peoria at a cost of $50,000. After the services at the cathedral Tuesday morning the delegates will gather in the Spalding council room, where an address of welcome will be delivered by Mayor Woodruff of Peoria and Bishop E. M. Dunne will deliver the greeting of the Peoria Catholics. The remainder of the day will be spent in the transaction of routine business and at night a reception will be given at the club house, followed by a minstrel show, in which fifty members of the Peoria council will take part.

The business of the convention will be concluded on Wednesday, when officers will be elected and fourteen delegates to the national convention, which will be held in Colorado Springs, in August, will be chosen.

TRI-CITY MEET NEXT SATURDAY

Jacksonville Will Participate in Track Athletics With Springfield and Decatur.

One of the fastest track meets of the season is booked for next Saturday at Springfield when the high schools of Springfield, Jacksonville and Decatur will strive for honors. Coach Buland has been putting his men in the pink of condition and he anticipates a victory for the red and white. Jacksonville won the Western Illinois High School league meet held here last Friday, while Springfield won the Corn Belt honors the same day. Decatur is known to have a strong list of athletes and it is expected that some records will be broken. Jacksonville entries will be as follows:

Shot put—Reeve and Day; 50 yard dash—Reeve and Strawn; standing broad jump—Reid and Weeks; 220 hurdles—Strawn and Cannon; 100 yard dash—Reeve, Rogerson and Strawn; discus throw—Cannon, Reid, and Rogerson; half mile run—Carter, Chipchase, Reid, Reynolds, Strawn; running broad jump—Reid; running high jump—Cannon, Nelson and Weeks; 440 yard run—Nelson, Reid and Strawn; pole vault—Cannon; mile run—Strawn, Carter and Reid.

Coach Weber of Springfield has announced the following entries:

50 yard dash—Helmle and Bailey; 100 yard dash—Helmle and Bailey; 220 yard dash—Helmle and Frisbie; 440 yard dash—Helmle and Link; 880 yard run—Link and Atkinson; one mile run—Allyn and Ruckel; 220 yard hurdles—James and Wood; 120 yard high hurdles—Boynton and Frisbie; shot put—Irwin and Jones; discus throw—Frisbie and Irwin; running broad jump—Wood and Boynton; pole vault—Broadwell and Ford; running high jump—Ford and Frisbie.

Five hundred and ninety-five (595) acres of the richest and most productive of Macoupin county farm land; all except forty (40) acres in a high state of cultivation, will be sold at public auction five miles north of Carlinville, on June 6, 1912. For any information about this sale or the quality or location of the land address the trustees making the sale at Carlinville, Ill.

Mrs. E. B. Raber and son from Old Mexico are guests at the home of Mr. and Mrs. D. Rees Browning and Mr. Raber will be here later. Mr. Raber is the superintendent of a large water power plant in Mexico and chose this time to have Mrs. Raber visit relatives in the states on account of the unsettled conditions there.

KANSAS CONVENTION.

Independence, Kans., May 8.—Adopting strong resolutions favoring the entire progressive movement, the Republican state convention to day named four delegates at large to the national convention with ironclad instructions for Roosevelt. William Allen White of Emporia, was endorsed for national committeeman.

The resolutions committee brought in a report indorsing the record of Senator La Follette, the candidacy of William Allen White for national committeeman and instructing the four delegates at large to vote for Roosevelt. It was adopted as read.

ON RETIRED LIST.

Washington, May 8.—Brig. Gen. Daniel H. Brush, a veteran of the Civil, Indian, Spanish and Philippine wars, will be placed on the retired list tomorrow on account of age. Gen. Brush is a native of Illinois.

FREIGHT HANDLERS' STRIKE.

Moline, Ill., May 8.—Sixty freight handlers employed by the Rock Island road at the Silvis shops, the largest on the system, went on strike here to day in sympathy with the Chicago truckers, who are out.

THE BIRTH RECORD.

WANT CONVENTION HERE NEXT YEAR

Large Delegation From Post O, T. P. A. Will Go to Danville Friday —C. F. Ehnie Candidate for State President.

A large delegation will go from this city Friday to Danville with the express purpose of bringing the next convention of the Travelers' Protective Association to this city and of electing Charles F. Ehnie state president. The annual T. P. A. convention will be in session in that city Friday and Saturday. The Chicago & Alton will add a special car to the train leaving here at 6 a. m. and a change will be made at Bloomington to the Big Four, reaching Danville at 11:20 a. m.

Quincy is also after the convention in 1913 and its delegation, it is said, will take the band with it, having raised $600 to meet the expense. F. W. Dudley of Decatur is a candidate for the presidency of the order, but Post O is confident of landing C. F. Ehnie in that office and also of bringing the convention here next year. It is hoped that a large number of citizens will accompany the delegates to Danville Friday and assist in boosting for Ehnie and Jacksonville. The delegates are E. L. Kinney, R. S. Fanning, J. A. Munson, Jr., R. T. Wakely, Thomas Walsh, Walter Wehrle, Thomas Cain, H. B. Myers, C. K. Moore, Louis Cain, W. D. Gales, George Wintler, C. T. Mackness, J. N. Conover, G. Roy Scott, George T. McKee, H. B. Jaeger, D. A. Schaffnit, George C. Shaw, Jr., H. K. Snyder, Lee R. Craig, John Workman, Joseph Sullivan, C. H. Bennett, S. R. Block and C. F. Ehnie.

The program of the convention will be as follows:

Friday, May 10.

1:30 p. m.—Reception at Plaza hotel.
3:00 p. m.—Ball game at league park.
7:00 p. m.—Theater party at Lyric.
8:30 p. m.—Banquet for ladies at Elk's club rooms.
8:30 p. m.—Athletic entertainment, Gymnasium.
10:30 p. m.—Metzelsup.

Saturday, May 11.

9:00 a. m.—Opening session of convention at colliseum.
Invocation—By Post Chaplain, Rev. S. S. Jones.
Welcome address—By Mayor W. C. Lewman.
Welcome address—By Post M., W. H. Seed.
Response by state president—D. E. Ginnaven.
Address—By Hon. J. G. Cannon.

CORN IS KING

AND MORGAN COUNTY IS HIS CAPITOL.

He is at home here. His subjects understand him and like him. He gives them every year full and satisfactory returns for all they do for him. Morgan county land costs money, but it is worth it. Land elsewhere can be bought cheaper, but it is worth less, and you never know when it is going to fail you. Morgan county crops never fail.

The best known real estate man in Morgan County.

For sixteen years we have talked this and nothing but this: Stay with the dirt you know. Keep your farm; or, if is too small for you, buy a larger one that you know all about.

We can sell you the farm, and we can get you all the money you need to pay for it—home money—Morgan county money—money that has been made, grown if you please, in Morgan county dirt, and that is not afraid to go back into it.

We have confidence in Morgan county land, and the money-owners of Morgan county have confidence in us, and for sixteen years the combination has been working well. We have always had the money to lend, and our money clients have never lost a dollar nor had to foreclose a mortgage of a farm.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S. S. S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acrid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play and when it sulks drowsily or cries you may depend on it something physical is the matter. If you see no evidences of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening on putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt, cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring complete satisfaction in the morning. After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone.

All classes of good American people keep it in the home for ills of the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. L. W. Thompson, Pearl City, Ill., and Mrs. Ed. Bettcher, 273 N. Union St., Aurora, Ill. A dose of it has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

INSANE HOSPITAL STANDS TIME TEST

Charities Commission Says Building Erected Here Is Marvel of Good Masonry and Timber.

The first hospital for insane in Illinois was erected in this city.

The State Charities Commission, in its forthcoming report for 1911, comments upon the quality of workmanship and material that was put into the original structure and says that to day it is one of the best arranged structures in the country, lending itself admirably to the changes and improvements which modern progress call for in such institutions.

"It is now more than forty years since the main building of this great hospital was erected," says the report. "The hospital authorities of that day may have been crude builders, judged in the light of present day knowledge and theories; we are prone to regard them so, but when one looks over this structure to day and studies it in its relation to its purposes and considers it as a work in masonry and timber, he is forced to admit that its builders understood their business about as well as those of to day, or they were directed by some mysterious inspiration.

"There are many features of this building which are admirably adapted to the uses to which it has been put. There is no question of its superiority in construction, workmanship and material. It stands to day in perfect condition. There are no cracks in the walls, no settling of the floors, the plaster adheres to the walls as it did forty years ago, the windows and doors fit tight as they should, the joints in the exterior walls are unimpaired by the ravages of weather. Many of the pine floors, put in years ago, have withstood the tread of hundreds and thousands of feet and are to day only beginning to show wear.

"The bricks were hard. Paint applied to them lasts for years, with slow deterioration. This structure has just been painted, the first time in nine years.

"In arrangement of the interior, the corridors are wide and high, admitting of ventilation and light to the maximum. There is a dining room on each floor on each side, directly connected by tunnel with the kitchen.

"To all wards there are two, and in many cases three, ways of entrance and departure. It lends itself well to supervision, inspection and economy of administration and maintenance. The clothes rooms have outside windows, something which new buildings in these grounds are denied.

"The woodwork, such as the doors and window panels and frames, is massive and gives a colonial, homelike effect to the long corridors.

"In the quiet wards this woodwork has been painted white. With polished hardwood floors, rugs and carpets, plain white drawn curtains, these wards are pleasant to the eye and impart the warmth of home life that is incompatible with the common, average conception of a hospital for the insane.

"When this institution was built, Jacksonville was a village. It was far beyond the corporate limits. None dreamed that in a generation the city would grow and extend itself as if drawn by a magnet in that direction and would gradually enfold within its residential district this first of Illinois' Hospitals for Insane.

"In the latter days, when modern ideas demand facilities unknown in 1869, we find this old building so built and arranged that they may be added, with a minimum of expense."

NOTICE OF FINAL SETTLEMENT.

In the Matter of the Estate of Ellen P. Reynolds, deceased.

Notice is hereby given that the undersigned administrator of the estate of Ellen P. Reynolds, deceased, has caused his final report and account as such administrator to be placed on file in the office of the clerk of the county court of Morgan county and that he shall apply to said court on Monday, the 20th day of May, A. D. 1912, at 9 o'clock a. m. of that day, or as soon thereafter as he can be heard, for an order of approval of said report and account, and for his final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

R. C. Reynolds,
Administrator.

Mrs. Charles Little has returned to Springfield called here on account of the death of Gertrude Curlan.

Discouraged by illness Henry E. Robinson of East St. Louis shot himself with a revolver.

While fishermen near Chillicothe were engaged in raising a sunken cabin boat the body of Lewis Batchelder was found. Some money he had when missed was not on the body and foul play is suspected.

Hon. Julius E. Starr of Peoria claims one of the longest records in the state as a practicing lawyer, having been at the bar fifty years and a day.

The Peoria Star says that big schools of German carp are infesting the cornfields and districts along the river that are overflowed with water. The carp are what fishermen term "rolling," which is digging in the mud and rooting like a pig for feed. Fishermen declare there will be a plentiful supply of black bass this year.

Mrs. Cora P. Singfield of Kalamazoo, Mich., was found under the steps of a school house in Minonk. She evidently took the means of suicide to throw disgrace on her husband and left a note saying her mother had mistreated her.

SCALES AND CRUSTS ON SKIN.

Caused by Eczema and Adding to Its Horrors.

Try This Remedy at Our Risk.

The thick, hard crusts or scales that accompany nealy all kinds of skin diseases not only cover the surface but are so irriating that they add greatly to the suffering of the patient.

Alcoholic washes and ordinary ointments cannot penetrate these, but treatment with our new skin remedy, Saxon Salve, not only removes them painlessly, but quiets the itching and burning. It also keeps the inflamed skin soft and comfortable and banishes the eruption, bringing the skin back to its normal healthy condition.

Saxon Salve is mild enough for a children's remedy, yet is equally satisfactory for grown persons.

Try Saxon Salve if you have a skin disease of any kind—if you are not satisfied we give back your money. Lee P. Allcott, druggist, Jacksonville, Ill.

HURT IN A TORNADO.

Mrs. A. L. Plowman Injured in a Storm Which Destroyed Their Oklahoma Home.

Rev. A. L. Plowman and family were severe sufferers by a tornado at Tonkawa, Okla., a week ago last Saturday. The story of their misfortune, told in the Tonkawa News, will be of interest here, where Rev. Mr. Plowman is well known:

"The nearest approach to a genuine old-fashioned twister that has visited this part of the country in years did business south and east of Tonkawa Saturday evening between 6 and 7 o'clock. The home of A. L. Plowman, just east of town, came in for the worst part of the storm's work. Mrs. Plowman received severe bruises on the body and head and was rendered unconscious for a time. She was brought to town and is at the home of her daughter, Mrs. Orren Willard, where she is in a fair way to recover, although very sore and nervous from the experience."

After detailing the tornado's origin and progress until it reached the Plowman place the News continues:

"The storm cloud then had clear sailing until it came to the home of A. L. Plowman, just east of town, where it did its most destructive work, as above mentioned. The large barn was picked up bodily and thrown over onto the house, which was also moved from its foundation, but did not go over. Great holes were torn in the roof and the house was badly twisted and wrenched. The family had seen the cloud and were making a run for the storm cave when the crash came. Mrs. Plowman was hit on the side of her head by a fling timber and rendered unconscious. She also received a severe blow in the back. Other members of the family received slight bruises.

"Mr. Plowman was coming home from town when he was overtaken by the storm near his home. The horses refused to budge an inch after the hail began to fall, and he got out of his vehicle and went to their heads, protecting himself from the hail by throwing a buggy curtain over his head. He saw the cloud, which did so much damage to his property, but did not know of his loss until the storm had passed and he was able to make his horses go on. He was only a few feet off the track of the storm when his horses refused to go any farther, thus saving his life, there is no doubt."

LIFE IN A TEMPORARY VENICE.

The following extracts from the Sunflowwer Tocsin of Indianola, Miss. will give some idea of overflowed regions. However, not near all of Indianola is under watrr.

The scenes of beautiful activity, in the boating line, to be witnessed every evening in the lower part of Main street is the pleasant side of the overflow. Craft of all kinds are to be seen and to the onlooker it appears as a gala day in Venice. Sail boats and oar and paddle boats of all description with the ancient and still popular dugout vie with each other for grace and speed and everyone appears supremely happy.

The names given the boats by their owners are varied and classic and nowhere could a fleet of small boats be found with such elegant list of names.

The relief boat goes out every day from Indianola and is doing much good to the people down on the Sunflower.

The water is falling quite rapidly at present and chances are that in about two weeks planting will begin in real earnest.

One of the most deplorable sights to be seen in going down the river, where the greatest amount of suffering appears to be, is the stock penned up on rafts or placed on scaffolds. They will be compelled to remain there several weeks yet and when taken off the mules and horses will be absolutely useless for work this season and probably never can be worked. Rheumatism will attack them and their feet will swell up and crack. The cattle, of course, will recover, but not so with the mules. The latter should be taken to some mound, regardless of expense, and kept there if they are ever expected to be of any value.

From the newspaper reports sent out from Greenville and other places a person would think that Indianola was completely submerged and its citizens in dire distress. This is not true. Indianola is, probably, the highest town in the Delta and but a small part of the southern portion is under water. The balance of the town is high and dry and is the abiding place of many who have fled from the lower portions of the Delta.

Y. M. C. A. BOARD MEETS TONIGHT.

A regular meeting of the Y. M. C. A. board will be held tonight at the association building, at which time it is expected action will be taken to decide whether the Y. M. C. A. shall continue or be closed. It is very important, therefore, that every member of the board be present. State Secretary Shumaker, who was expected to be present, writes that he cannot be here tonight but will come later. He says in his letter that the Jacksonville Y. M. C. A. must not close; that it has been in a tight place before and has always come out alright. He still has faith in the people of the city.

SHOULD LIGHT REAR LAMPS.

Some complaint is made against auto drivers who do not have rear lights on their machines. This is required by law. There are autoists also who take great chances in passing vehicles in the country roads, driving so close to them that an accident would be unavoidable should a horse become frightened. The pleasure of persons who like to go driving in the evening is all lost when they feel there is possibility of an accident at any time on account of reckless auto drivers.

TRIAL CALENDAR SET.

In accordance with the notice issued by J. A. Rawlings, clerk, members of the Morgan County bar met yesterday and set the docket for the first week of the May term of the circuit court as follows:

Tuesday, May 14—City of Jacksonville vs. E. H. Doolin; debt, etc.

Wednesday, May 15—Peter Zimmerman vs. Wm. H. Brown; covenant.

City of Jacksonville vs. J. A. Obermeyer; debt.

Thursday, May 16—Malinda Garman vs. City of Waverly; remanded.

HAD FRIENDS ABOARD TITANIC.

Charles Macfarlane, who is with the American Can company of New York city, writes his sister, Mrs. F. C. Coe, that the manager of his company and the man's wife were aboard the Titanic at the time of the awful disaster but that both were rescued. The dock where the Carpathia landed with the rescued is only a block and a half from the office in which he works and he witnessed the landing of the ship. Mr. Macfarlane enclosed in his letter a pass card, which was presented to him allowing him to go aboard the Titanic and inspect the great ship as it rested in the docks of New York harbor.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies *are* needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature R. V. Pierce M.D.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

SCIENCE PREVENTS BALDNESS

The Fetal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannott, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Grain Letter.

Chicago, May 8—Wheat—Fluctuations were irregular. The general tone of the market was heavy, bulls generally were disappointed in the moderately bearish showing of government report as compared with their expectations. Crop reports from the severly injured sections are showing a marked improvement in wheat left standing. Bull enthusiasm, which has followed the recent advance has waned somewhat. Canadian points say all bids for export are out of line. While the general situation is still decidedly bullish, pit conditions seem to justify some further setback. A short crop is certainty and any confirmation of indicated short acreage of spring wheat will surely result in sensationally higher prices. We feel that September and July wheat can be bought on all good setbacks with a reasonable expectation of profits.

Corn—Corn was weak early under aggressive selling by floor traders. Leading local bulls gave the market good support. Weather generally has been fine for planting and there is still plenty prospect of an enormous acreage. The moderately bullish report of the government on spring planting and plowing helped price somewhat. Short supply of May was also a bull argument. Stack demand is against any material advance in price, with a good prospect for a heavy movement in the near future. We believe July, in spite of May congestion, is an attractive sale on these bulges.

Oats—Room traders are still aggressively bearish and depress price from time to time. July and September oats are heavily oversold. Sales in these deliveries are purely speculative. Serious consideration of the government report on the farm stock of hay is being counted bullish on oats, the figures of last year, amounting to 7,546,000 tons, were a very low stock compared with ordinary years. This year the situation is far worse; 3,888,000 tons is little short of famine. Dry field is needed for work and with an immediate amount of spring work still to be done, oats will be drawn on heavily. The government report on farm work and planting was decidedly bullish. The report covers all crops and the largest percentage of finished work applies to southern sections, the delays in seeding undoubted resulted in short acrage. July will be an old crop option and as such there is every reason to believe July will sell higher than previous prices for May. September is at an unreasonable discount. New oats will be drawn here during early harvest. We hold strongly to opinion that July and September ought at present or on any setback will be highly profitable investment.

CRITICAL TIME OF WOMAN'S LIFE

From 40 to 50 Years of Age. How It May Be Passed in Safety.

Odd, Va.:—"I am enjoying better health than I have for 20 years, and I believe I can safely say now that I am a well woman. I was reared on a farm and had all kinds of heavy work to do which caused the troubles that came on me later. For five years during the Change of Life I was not able to lift a pail of water. I had hemorrhages which would last for weeks and I was not able to sit up in bed. I suffered a great deal with my back and was so nervous I could scarcely sleep at night, and I did not do any housework for three years.

"Now I can do as much work as any woman of my age in the county, thanks to the benefit I have received from Lydia E. Pinkham's Vegetable Compound. I recommend your remedies to all suffering women."—Mrs. MARTHA L. HOLLOWAY, Odd, Va.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. We know of no other medicine which has such a record of success as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been the standard remedy for woman's ills.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

WAGON AND AUTO IN A CRASH

Driver for J. W. Woods and George R. Fox of Chapin Had Collision at Corner of Square and East State Street.

Wednesday morning George R. Fox and son, Earl, of Chapin were driving a new automobile, out for the first time, and were going west on East State street. As they neared the square they were not going rapidly and swerved to the middle of the street to turn to the north, when at that instant a baggage wagon of J. W. Woods and driven by J. Servance came along from the north side of the square, going south and headed for the entrance to East State street. The horses were going quite fast and the driver did not see the auto in time nor did the auto people see the wagon until the two were almost together.

The chauffeur hoped to avoid collision by suddenly swerving to the south and putting on all force and the driver of the team held back his horses as hard as he could, but it was impossible to avoid a collision. The tongue struck the rear part of the body of the auto and damaged it badly, though the rest of the machine seemed to be uninjured. Fortunately Mrs. Fox, who had been sitting on the rear seat had just left it, or she would have been seriously hurt.

The driver of the team then hastened right along. It is his claim that he was unable to se the auto till it was right on him and no blame should be attached to him.

It is the claim of the auto people that the driver of the baggage wagon was going too fast and too near the crossing between Knollenberg's and Herman's corners. That he should have been much west of the position in which he was and should have taken a wider sweep to make the turn and not have run so close to the crossing when in such a prominent place. They say they were not going fast and that they sounded their alarm as they neared the square.

After the accident Mr. Fox called at Mr. Woods' office and while Mr. Woods did not see the accident, he said he would investigate it and do the honorable thing in the matter.

It was hard for Mr. Fox to have his auto put out of commission the first itme it was used. It can be used right along, but, of course, will have to be fixed before it is ran out regularly. Servance insists that he didn't notice the auto while on the square and did all in his power to stop when he saw it front of him.

How To Keep Well

To prevent illness, purge the blood of all poisons. Then you've made a big stride toward the perfect condition of the entire system. Nature's own remedy, red clover blossoms, has rendered such remarkable aid to thousands suffering from widely different affections, that many people keep the extract in the house at all times. Sensible persons recognize that such a natural remedy is valuable as a preventive and for treatment of many ailments. When the bowels are sluggish, the liver torpid, or the kidneys inactive—look out! Your blood needs purifying. The most dangerous conditions commonly result from neglected cases of this kind. At such a time, systematic use of red clover blossoms, known as Needham's Extract, is sure to produce the most beneficial effects. This extract is made from the very choicest red clover, treated so as to bring out the full strength. Ask your druggist for Needham's Extract. He has it or can get it for you. Booklet mailed free, gives letters received from people who offer the strongest recommendations of Needham's Extract. Ask for this booklet. Address D. Needham's Sons, Lakeside Building, Chicago.

A HIGH DAY AT METHODIST GENERAL CONFERENCE

BATTLE OF THE GIANTS.

(By J. W. Miller)

Bishop McDowell presided in what was the most interesting and dramatic session of the great conference since its opening on last Wednesday. The report of the commission on judicial proceedure brought its report before the general conference immediately after the reading of the Journal Tuesday morning. The report recommended the election of a judicial body consisting of three bishops, six clergymen and six laymen, fifteen in all, to sit with power of final decision on all questions of appeal and to act as an interpreter of questions of law that might be referred to it. It was styled by its opponents as the "Supreme Court of Methodism." The report was presented by Dr. J. R. Cook, who had the opening and closing debate.

There were several of the leading debaters of the conference on the floor during the three hours that the question was before the house. Dr. Blake of the New Hampshire conference, Dr. Bartholomew of New England Southern, Dr. J. W. VanCleve of Illinois, Dr. Henry Wade Rogers of Harvard university, Dr. J. M. Buckley of New York East and others of lesser fame.

The Little Giant on Top.

During his debate Dr. Buckley read from a past general conference which decided against this proposal of a court of final appeal. Dr. Cook in his last debate accused Dr. Buckley of garbling his quotation. Dr. Buckley arose to a question of privilege and gave the journal and page from which he quoted. Dr. Cook read what he declared Dr. Buckley should have read. Again Dr. Buckley rose to a question of privilege and asked Dr. Cook for the date of the general conference journal he was reading from. Dr. Cook said 1852. Dr. Buckley replied "the one I was reading from was 1856." The force of Dr. Cook's argument was lost and he had been met and downed by the little giant from New York. The final action of the conference was to defeat the measure by a decisive vote.

Bishop McDowell Did Well.

Though the position of Bishop McDowell was a most trying one during the session Tuesday morning, he handled the conference in fine style. He held the delegates steadily to their work though a maze of motions and questions frequently confronted him. His fine spirit and urbane manner was often like oil on the troubled waters. After the session many were remarking upon his excellent presidency of the session.

Reports of Home Missionary Board.

Monday night the reports of the Home Missionary Board were presented by its secretaries. There is some thought that perhaps the offices of this board may be transferred from Philadelphia to Chicago. There is good ground for such a change. All the principal boards of the church are in the east, established there half a century ago. But now the tide of the churches' power and membership has moved toward the Mississipi valley and Chicago would be a good place to have the headquarters of the Home Mission board.

The Sunday School Exhibit.

One of the features of this general conference will be the prominence of the work of the Sunday school. At one of the local Methodist churches there is a very fine Sunday school exhibit. Every phase of the work of the Sunday school board of the church is fully displayed. It is well worth while to take time for a thorough examination of the exhibit. The Methodist church is right up with the most advanced Sunday school work of the day.

Social Features of the Conference.

Everybody is busy at the general conference. The forenoon sessions begin at 8:30 and close at 12:30. The afternoon is given to the work of the large standing committees. The evenings are taken up with anniversaries and lectures and receptions of fraternal delegates. So that there seems hardly room for anything else. Yet there are many social features to be enjoyed. The local committe will give banquet to the bishops on Tuesday evening at the Hotel Leamington. Sunday school workers are invited to an informal dinner at Hotel Leamington on Friday evening. A brotherhood banquet is announced for Hotel West on Saturday evening.

The Spiritual Element.

Of this conference as of none for twelve years can it be said that the spiritual elementh as been prominent and received its due emphasis. At the morning devotions a very fine order of service has been conducted each morning. At four in the afternoon an evangelist service is held that has large attendance. Several shop meetings are held each day. Three meetings are held at noon and night. When the great conference is over it will surely have left a deep impress upon the city of Minneapolis as well as upon the hundreds of delegates and visitors.

For rheumatism you will find nothing better than Chamberlain's Liniment. Try it and see how quickly it gives relief. For sale by all dealers.

COOVER & SHREVE SUCCESSFUL.

Induced Dr. Howard Co. to Make Special Prices.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles that Coover & Shreve are willing to return the price paid in every case where it does not give relief.

The old fashioned idea of dosing with mineral waters, cathartic pills or harsh purgatives will soon be a thing of the past. The best physicians are prescribing Dr. Howard's specific because it really gives the desired results and on account of the small and pleasant dose that is needed.

Headaches, coated tongue, dizziness, gas on stomach, specks before the eyes, constipation and all forms of liver and stomach trouble are soon cured by this scientific medicine.

So great is the demand for this specific that Coover & Shreve have been able to secure only a limited supply and everyone who is troubled with dyspepsia, constipation or liver trouble should call upon them at once or send 25 cents and get sixty doses of the best medicine ever made, on this offer with their personal guarantee to refund the money if it does not cure.

Office Men need it

No Time Lost

for the busy office man, in filling

Conklin's Self-Filling Fountain Pen

because it fills and cleans itself, with a mere thumb-pressure. Moreover, the Conklin never balks, leaks nor blots. It's the office man's pen because of its smooth writing qualities.

Each Conklin gold pen is tipped with the hardest iridium, thereby making the pen action delightfully smooth and frictionless on any kind of writing paper.

Conklin Pens never scratch, catch or "stumble" but write smoothly and silently.

Fully guaranteed; your money back if not satisfied.
